## BULLETIN

MEETING 2630 – MONDAY 16 DECEMBER 2019

### Report from meeting held on Monday 9 December 2019 at the Playford Civic Centre

President Elect Anthony in his opening of the meeting welcomed members – Elizabeth Adamson, David Adamson, Delwyn Watts, Sharka Byrne, Liam Goodrich and Piotr Salamon and guests Kerri-ann Watts, Phoebe Yates, Sam Yates, Ben Yates and our speaker Jack Yates.

Apologies: P Eryn Halls and Sharka Byrne

Chairperson Delwyn called for spots.

- ✚ PP David passed around the trailer raffle roster.
- ✚ Del informed members that she has spoken to Sue from the Playford Civic Centre about the Pride of Workmanship Awards. Sue knows about them and will enquire with Sian.

Most of our gear used at Carols has been put back into storage. We had a successful day at the Carols in conjunction with the Elizabeth Playford Lions.

Shirley spoke about Clean-Up Australia Day on Sunday 1 March 2020. We will return to do our original area.

- ✚ PP Elizabeth and PP David attended the Elizabeth South Primary School Year 7 Graduation on Wednesday evening (4 December), where PP Elizabeth presented gift vouchers to students. She also attended the school's end of year concert last Friday morning (6 December).

She will be picking up the Christmas hampers from Foodbank Tuesday morning (10 December). PP Elizabeth will deliver them to Elizabeth South Primary School tomorrow.

PP Elizabeth also made contact with a doctor's surgery who had some Emergency Medical Information Booklets and has arranged to take a new lot and a new counter box. She will also approach the other surgery in the complex.

- ✚ Shirley will contact the Rotary Club of Playford to ask them for help on Australia Day 2020.

After dinner Chairperson Delwyn introduced our guest speaker for the evening, Jack Yates. We sponsored Jack to go to the Science Experience held at the Mawson Lakes campus of UniSA. When he got home he was very excited to talk about it.

*On the first day Jack got to experience the Panorama Room with its 3D pictures with one hundred and eighty degrees of screen. They used Virtual Reality (VR) headsets and Google Earth to explore the slums of Nairobi, Kenya which was a humbling experience.*

*On the second day after completing a passive solar task Jack got build an electronic circuit including soldering the components on to the Printed Circuit Board (PCB). The circuit was programmable and Jack programmed it with scripts in the Python programming language.*

Water filtering was the activity for the third day. They used a material that stopped gravel and other contaminants from going through to remove them from the water.

Chairperson Delwyn thanked for coming to speak with us and presented him with a Rotary pen.

PE Anthony closed the meeting.
